ABOUT THE SUMMIT

Shaping inclusive sourcing in Europe

The Forward Summit is Europe's first pan-European gathering dedicated to inclusive sourcing. Hosted by **EGLCC**, **ESDP**, and **Telos**, it brings together senior corporate procurement leaders, policymakers, advocacy organisations and underrepresented suppliers to build a stronger, more connected European inclusive sourcing ecosystem.

The summit convenes the full breadth of that ecosystem – underrepresented, LGBTIQ-owned and social economy businesses alongside their corporate procurement counterparts – to build a practical European vision that reflects the continent's different markets, legal frameworks, supplier communities and procurement environments.

WHY SPONSOR?

Sponsorship of the Forward Summit is an opportunity to:

1 Shape the European inclusive sourcing agenda at a formative moment.

2 Translate global supplier diversity commitments into practical action across European markets.

3 Convene senior procurement peers, advocacy leaders and high-potential suppliers under your brand.

4 Demonstrate visible leadership on a topic increasingly demanded by clients, employees and investors.

5 Generate insights, relationships and content to strengthen your supplier inclusion programmes.

SPONSORSHIP TIERS
